■ Great Expectations

Built at basement level, this pool forms the centrepiece of an indoor leisure complex constructed as part of the refurbishment of the existing property and to the very highest client requirements. The pool measures 9 metres x 4.5 metres and is finished throughout with Italian mosaic tiles and stainless steel fittings. An in-ground spa overlooks the pool and an automatic safety cover ensures the pool is kept safe when not in use.

Pool builders: London Swimming Pool Company Ltd – pool cost approx. £90,000

■ Buried Treasure

An opulent home leisure complex incorporating pool, steam room, gym, snooker room and cinema was created in the basement of this property. The pool, measuring 12 metres x 6 metres, is finished in a dazzling array of mosaic tiles measures and is surrounded by stunning murals to enhance its appeal.

Pool builders: J W Green Swimming Pools – pool cost approx. £36,000

UP TO £100,000

■ Roman Influence

This pool reflects a number of elements from the Roman era, from the large stone pillars to the hand-cut mosaic mural on the pool floor. The client's brief was to create a pool which enabled them to keep fit, made possible in this pool measuring 12 metres x 6 metres with a varying depth range from 1.2-2 metres.

Pool builders: J W Green Swimming Pools – pool cost approx. £87,000

■ London Underground

This 15-metre lap pool forms an underground link between two properties located in the heart of London. The existing gardens were excavated and the pool hall constructed below ground with the roof structurally reinforced to allow for new landscaped gardens to be laid above.

Pool builders: London Swimming Pool Company Ltd – pool cost approx. £62,000

SPATA 2006 Awards – Certificate of Merit

■ All Inclusive

Created to meet the client's requirements for a pool to serve as both a relaxation and exercise facility, this project incorporates an 8.75 metre x 5 metre pool, in-ground spa and sauna. The owners requested a host of additional features including underwater lighting, an in-ground automatic cover and counter current unit to further enhance the project.

Pool builders: Asher Swimpool Centre Ltd – pool cost approx. £98,000

UP TO £100,000

SPATA 2006
Awards – Gold
Award Winner

■ Dual Purpose

A stunning custom built architect designed pool hall encloses this indoor pool, which also serves as a concert hall. This is all made possible through the use of a moveable pool floor, which rises at the touch of a button. The clients had very exacting standards which were met throughout the build, resulting in a superb dual purpose building.

Pool builders: London Swimming Pool Company Ltd – pool cost approx. £135,000
